

Dear Client/Business relations,

Jones Nuttall (Brexit Strategy October 2020)

During the transition period after approval of the withdrawal from the EU, we are continually monitoring developments to ensure we operate, manufacture and supply with minimal disruption. Our priority is to minimise disruption to our supply chain so we are optimising our stocking strategy in preparation for border disruption to minimise delays, and dedicating significant time and resources to account for all outcomes. When we know more about our future trade relationship with the EU, we will issue further communications on the impact (if any) of Brexit to the supply of our services.

We would like to thank you for your continued support, particularly this year and we look forward to working with you in the future.

*Mark Jones
Managing Director*
